

If people are talking behind your back, then just fart.

Please remember that Valentine's Day is a polite reminder
that Christmas decorations must go down!

I'm only in this for your cute butt. Obviously. Happy Valentine's day.

I do not need a photograph to remember you,
because you are always on my mind.

I want to say thank you for the flowers I'm going to send to myself
and pretend are from you.

All you need is love. But a little chocolate now and then doesn't hurt.

My one true love is the workweek ending.

80 percent of my socks are single
but I have never seen them crying because of that.

I turned out liking you a lot more than I originally planned.

I love you just the way I am.

I love that you hate the same people that I do.

You are lucky to have me & vice versa. Happy Valentine's Day!

I would press pause on NBA2K for you.

Love is like a fart, if you have to force it, it's probably crap.

Everyone can find one person or three cats waiting for him.

Only newlyweds and liars have sex every day.

Never laugh at your girlfriend's choices. You are one of them.
